

STRATOSYS TECH PRIVATE LIMITED, (“we,” “us,” or “Stratasys Tech”), along with its affiliates, is the developer and operator of the internet platform www.zenvy.co.in (“Website”) and associated services, including the mobile application ‘Zenvy’ and other software (collectively referred to as the “Services”). This Privacy Policy outlines the methods through which Zenvy collects, uses, shares, and protects personal information related to users, including practitioners, end-users, and visitors accessing the Website or Services. By utilizing the Services, you signify your agreement with this Privacy Policy as well as the Terms of Use accessible via [\[insert link\(Terms and Condition\)\]](#). If you do not accept these terms, please discontinue the use of the Services immediately.

By providing your information or using the Services, you agree to the data practices described in this Privacy Policy. If you are using the Services on behalf of another individual (e.g., a minor) or an organization (e.g., an employer), you acknowledge your authorization to accept this Privacy Policy and consent to data collection, use, and disclosure on their behalf.

This Privacy Policy is applicable exclusively to Zenvy’s operations within India, and users in other regions are not covered. Zenvy reserves the right to modify or update this Privacy Policy as necessary, and continued use of the Services confirms your acceptance of any revised terms. We remain steadfast in our commitment to privacy by implementing robust measures to safeguard your personal information and ensure responsible data handling.

1. WHY IS THIS PRIVACY POLICY?

This Privacy Policy is published in compliance with:

Section 43A of the Information Technology Act, 2000: Requires entities to implement reasonable security measures for the protection and management of sensitive personal data.

Regulation 4 of the SPI Rules, 2011: Defines sensitive personal data and specifies the procedures and practices required for its secure handling.

Regulation 3(1) of the Intermediary Guidelines, 2021 (amended in 2023): Imposes obligations on intermediaries to comply with privacy policies, terms of service, and other requirements to safeguard user data.

Digital Personal Data Protection Act, 2023 (DPDPA): Establishes a comprehensive framework for digital data processing, highlighting individual rights and the responsibilities of entities handling such data.

2. COLLECTION OF PERSONAL INFORMATION

To deliver Services effectively, Zenvy may request specific information that identifies you or could identify you. This information is voluntarily provided when accessing the Services or communicating with Zenvy through emails, calls, or other correspondence. By using the Services, you consent to this collection of data. The types of information collected include:

- **Contact Information:** Email, address and phone number.
- **Demographic Details:** Gender, date of birth, age, weight, height and postal code.
- **Service Usage Data:** Details about how you interact with the Services and appointment history.
- **Voluntary Submissions:** Information shared through emails, letters, or other correspondence, including images or documents.

- **Practitioner-Shared Data:** Information provided by Practitioners regarding services or treatments received.

This data may be classified as **Personal Information** or **Sensitive Personal Data or Information** under the SPI Rules:

1. **Personal Information:** Refers to data that identifies or can identify a natural person, either alone or in combination with other available information.
2. **Sensitive Personal Data or Information:** Includes passwords, financial details, health records, biometric data, sexual orientation, visitor registration details, call data records, or any other data protected under applicable laws.

Zenvy may collect and use publicly available information without seeking further consent. This includes any data already in the public domain.

3. PRIVACY STATEMENTS

3.1 ALL USERS NOTE: This section applies to all users of the Services.

Acceptance of Terms: Using Zenvy's Services indicates acceptance of the Privacy Policy and Terms of Use. Users who disagree must stop using the Services immediately.

Data Collection Scope: Zenvy may collect personal details (such as name, contact info, and demographic data) and sensitive data (e.g., health records) as outlined in the Privacy Policy for purposes like service delivery, analytics, and communication.

Usage of Data:

- To provide Services like appointment booking and communication with Practitioners.
- For research, analytics, and aggregated data sharing (non-personally identifiable).
- Enhancing user experience through improved communication and feedback mechanisms.
- Debugging issues and supporting pending transactions.

Additional Uses: User data may also be utilized for:

- Identification and publishing on the website.
- Offering new products or services.
- Payment processing with secure third-party platforms.

Consent to Communication: By accessing the Services or verifying contact details, Users consent to communications (via call, SMS, email) from Zenvy and its representatives, even if their number is registered with DND/NCPR.

Third-Party Sharing: Necessary data may be shared with third-party providers, affiliates, or agents to facilitate Services.

Explicit Consent for Sensitive Data: Users affirm acceptance of the Privacy Policy and consent to the collection, use, and disclosure of sensitive data per applicable laws (SPI Rules and DPDPA, 2023).

Content Liability Disclaimer: Zenvy does not endorse or guarantee the accuracy of content shared through its Services and disclaims liability for any related damages or reliance.

Account Management:

- Users can request account cancellation via support@zenvy.co.in. Zenvy retains data only as required by law or for anonymized analytics.
- Opt-out options for non-essential communications are available via email.

Financial Transactions: Payment details (e.g., credit card or bank info) are encrypted and securely processed through authorized third parties. Users can choose not to save payment details.

Automatic Data Collection: Standard data (e.g., IP address, browser type, cookies) is collected for trend analysis and service improvements. Anonymized data may be shared for business purposes.

Third-Party Websites: Zenvy disclaims responsibility for third-party websites or links accessed via its platform and encourages Users to review external privacy policies.

Cookies: Temporary cookies are used for technical purposes. Users can disable cookies via browser settings, but certain features may be affected.

No-Spam Policy: User email addresses will not be shared, rented, or sold without explicit consent.

Privacy and Security: Zenvy enforces strong security measures to safeguard personal data but is not liable for breaches caused by third parties, government actions, or unauthorized access to user devices.

Telemedicine Compliance: Zenvy's telemedicine services adhere to relevant legal and medical guidelines. Non-compliance can be reported to governing bodies for further action.

3.2 PRACTITIONERS NOTE: This section applies to all Practitioners.

Data Collection for Registration: Practitioners provide certain personal and sensitive information during registration to use Zenvy's Services effectively.

Agreement to Privacy Policy: Practitioners must read and accept the Privacy Policy before submitting any information. Those who disagree are advised to stop using Zenvy and its Website immediately.

Use of Practitioner Data: Practitioner data is utilized for:

- Publishing profiles on the Website.
- Communicating about new products or services (in compliance with the DNC Registry).
- Collecting product feedback.
- Analysing usage patterns to improve product design.
- Aggregating anonymized practice data for research, statistics, and business intelligence.

Automatic Practitioner Listings: Zenvy lists Practitioners' profiles automatically for doctors or clinics added to its platform. Information comes either from Practitioners directly or public domain sources. Practitioners are encouraged to verify and update details regularly to maintain accuracy.

Onboarding with Clinics: Practitioners can request to join clinics through Zenvy or be invited by clinics. While Zenvy facilitates these actions, it doesn't hold responsibility for agreements or relationships formed between clinics and Practitioners.

Unregistered Practitioners: Information of unregistered Practitioners may also be listed, provided consent for collection and processing is obtained. Zenvy strives for accuracy but doesn't guarantee completeness of details displayed for unregistered Practitioners.

QR Codes for Practitioners: Registered Practitioners receive unique QR codes, allowing patients to access their profile and book appointments seamlessly. Practitioners must ensure their information is accurate and can request changes or disable the QR code through Zenvy's support.

3.3 CLINIC MANAGEMENT

Note: This section applies to all Clinics and Healthcare Institutions using Zenvy.

- **Registration and Data Collection:** Clinics must provide certain personal and sensitive information during the registration and account creation process to effectively use Zenvy's services. Additionally, Clinics registering walk-in patients may collect data such as names, contact details, appointment details, and health-related information for managing records and providing better services.
- **Agreement to Privacy Policy:** Clinics are required to read and accept the Privacy Policy before submitting any information. Those who disagree must discontinue use of the platform immediately. By submitting data related to walk-in patients, Clinics ensure that the patients have been informed of and have agreed to the data collection, as required by applicable law.
- **Use of Clinic Data:** Data provided by Clinics is collected and used for purposes such as:
 - Displaying clinic details on the platform for appointment booking.
 - Communicating updates, new features, or enhancements.
 - Managing walk-in patient data to facilitate service delivery and maintain accurate health records.
 - Gathering feedback to improve Zenvy's offerings.
 - Analysing appointment patterns and operational data for improved recommendations.
 - Using anonymized clinic data (e.g., patient footfall, revenue analytics) for research, business intelligence, and statistical purposes.
- **Walk-In Patients:**
 - **Data Collected:** Information such as name, contact details, and health records is collected during registration.
 - **Purpose:** This data is used for appointment scheduling, record-keeping, and clinical services.
 - **Consent:** Clinics are responsible for informing walk-in patients about data collection practices and ensuring their consent.
 - **Retention:** Data collected for walk-in patients is retained per the terms outlined in this Privacy Policy.
- **Automatic Listings:** Clinic details are automatically listed on the platform upon registration. Information may come from clinics themselves or public domain records. Clinics are encouraged to routinely verify and update their

details to ensure accuracy. Zenvy takes reasonable steps to verify listed data but is not liable for any inaccuracies.

- **Unregistered Clinics:** Zenvy may display information for clinics that have not actively registered, provided consent has been obtained. However, Zenvy does not take responsibility for errors or incomplete details associated with such listings.

3.3 END-USERS NOTE: This section applies to all End-Users.

- **Information Collection:** End-Users provide personal and sensitive data during registration, application creation, or service use, which is required for effective delivery of services.
- **Privacy Policy Agreement:** End-Users must read and accept the Privacy Policy before submitting any data. Those who disagree are advised to stop using Zenvy and its services.
- **Data Modification and Deletion:** If information is inadvertently submitted without agreement to the Privacy Policy, End-Users can delete or modify it via the Website or request assistance at privacypolicy@zenvy.co.in.
- **Use of End-User Data:**
 - Data helps identify and describe End-Users.
 - Non-personally identifiable data is used for research, product improvement, analytics, and business intelligence.
 - Anonymized demographic and health information may be shared with third parties for commercial purposes.
- **Communication Preferences:** Zenvy contacts End-Users via email, phone, or text messages. Preferences can be adjusted by logging into their accounts.
- **Surveys and Contests:** Optional surveys and contests may collect demographic and contact details to improve services. Responses are anonymized.
- **“Verified by Zenvy” Badge Services:** Data related to treatment, including medical records, is shared with Zenvy to ensure effective service delivery.
- **Data Retention:** Zenvy retains communication records and call logs for service administration, customer support, and research purposes.
- **Data Confidentiality:** Zenvy enforces strict confidentiality measures for sensitive data. Employees and third-party processors comply with industry standards and legal requirements.
- **Corporate Restructuring:** End-User data may be transferred during mergers, acquisitions, or asset sales, and will remain subject to this Privacy Policy.
- **Third-Party Data Sharing:** Contractors and service providers assisting Zenvy may receive data strictly for service purposes, such as payment processing.
- **Doctor QR Codes:** End-Users can scan QR codes to access a doctor's profile and book appointments. Data from QR code scans is only stored if an appointment is booked or services are engaged.

3.4 CASUAL VISITORS NOTE: This section applies to all casual visitors of the Website.

Data Handling: No sensitive data is automatically collected from casual visitors browsing the Website.

Agreement to Privacy Policy: Casual visitors must read and accept the Privacy Policy. If they disagree, they are advised to leave the Website.

Cookie Management: Closing the browser typically removes temporary cookies, but visitors are encouraged to use the “clear cookies” option for complete removal.

Upgrade to User Status: Casual visitors who submit personal data via email, post, or registration are treated as Users, and all Privacy Policy provisions apply.

4. CONFIDENTIALITY AND SECURITY

Data Storage: Zenvy stores user information electronically on its systems and those of its employees, with occasional conversion to physical form. Comprehensive security measures—managerial, technical, operational, and physical—are implemented to protect data both online and offline, tailored to the nature of the data and business operations.

Password Protection: Administrators at Zenvy cannot access user passwords. Users must safeguard their passwords, devices, and accounts, and log off the Website after use. Zenvy is not responsible for unauthorized access or account misuse. Users should report unauthorized access immediately via support@zenvy.co.in and will be held accountable for any losses resulting from such misuse.

Restricted Access: User information is accessible only to Zenvy's employees, agents, partners, and authorized third parties on a need-to-know basis, all of whom are bound by strict confidentiality obligations.

Practitioner Support: Zenvy assists Practitioners in managing user information by retaining and providing access to records when requested or required by appropriate authorities.

End-User Support: Zenvy helps End-Users access their own information and may share relevant data with their respective Practitioners.

Liability Limitations: Although Zenvy makes efforts to secure personal data, it is not responsible for breaches or loss caused by factors beyond its control, such as hacking, unauthorized access, government actions, data storage failures, encryption problems, or poor-quality internet services.

Public Information: Zenvy may collect, use, and disclose publicly available data without needing user consent. This includes information already accessible in the public domain.

5. App Permissions

- Location: Enables access to location-specific product availability and services.
- Camera & Media: Allows uploading of prescriptions and relevant documents.
- SMS & Bluetooth: Supports OTP verification and facilitates video consultations.
- Wi-Fi & Audio: Enhances functionality and optimizes the overall user experience.

6. CHANGE TO PRIVACY POLICY

Zenvy reserves the right to modify or update this Privacy Policy at any time, with or without prior notice. In case of significant changes to how Zenvy manages Users' personal information or updates to the Privacy Policy, a notice will be displayed on the Website or sent to Users via email. This will allow Users to review the changes before continuing to use the Services. If you disagree with the changes and wish to stop using the Services, you can contact support@zenvy.co.in to deactivate your account. Unless explicitly stated otherwise, the latest version of the Privacy Policy applies to all information Zenvy holds about you and your account. By accessing the Website or using the Services after changes are notified, you indicate your acceptance of the revised terms.

7. CHILDREN'S AND MINOR'S PRIVACY

Zenvy advises parents and guardians to actively monitor and supervise minors' online activities when accessing the Website or Services. To create a safe online environment, the use of parental control tools provided by software or online services is recommended, ensuring that minors do not share personally identifiable information such as their name or address without parental consent. Although Zenvy's Website and Services are not designed for minors, the platform respects their privacy if they inadvertently access it. For telemedicine consultations, minors are permitted to consult Practitioners, but such interactions must be overseen by a verified adult.

8. CONSENT TO THIS POLICY

By using Zenvy's Website or Services, you acknowledge that this Privacy Policy is an integral part of the Terms of Use. As a User, you:

1. Agree to the terms outlined in this Privacy Policy.
2. Consent to Zenvy's collection, use, processing, and disclosure of your Personal Information as described.

Your access to the Website and use of the Services is governed by this Privacy Policy and the Terms of Use.

9. ADDRESS FOR PRIVACY QUESTIONS

If you have questions about this Privacy Policy or Zenvy's information collection, use, and disclosure practices, you can contact the Data Protection Officer appointed by Zenvy under applicable regulations. Zenvy will use reasonable efforts to promptly address your requests, questions, or concerns. For grievances regarding data usage, you can contact at **Email:** privacypolicy@zenvy.co.in, **Phone Number:** 6361218556.

Data Collection Based on Service Type

1. **End-Users Registering for an Account:**
 - **Information Required:** Name, mobile number, email address, and other details provided during registration.
 - **Purpose:** Enables services like appointment booking and storing health-related information.
 - **Additional Data:** Call records for telephony services are stored with consent, as per the Privacy Policy.
2. **Guest Users:**
 - **Information Required:** Minimal data, such as a mobile number, to book appointments.
 - **Additional Data:** Call records for telephony services are stored with consent, as per the Privacy Policy.
3. **Practitioners Registering for an Account:**
 - **Information Required:** Name, mobile number, email address, and other registration details.
 - **Approval Process:** Practitioner accounts require **admin approval** before listing on the platform to ensure compliance and accuracy.
 - **Notifications:** Service-related communications (e.g., appointment confirmations) are facilitated post-approval.
4. **Practitioners Using Specific Products:**

- **Information Required:** Name, mobile number, email address, and digital signature for prescriptions or clinical notes.
- **Purpose:** Supports seamless functionality for Zenvy products and services.
- 5. **Users of Consult Services:**
 - **Information Required:** Name, mobile number, email address, and any additional information during registration.
 - **Purpose:** Enables smooth interaction between Practitioners and End-Users on the Consult platform.
- 6. **End-Users Accessing "Verified by Zenvy" Services:**
 - **Data Shared:** Treatment-related information, including medical records, is securely shared with Zenvy to ensure efficient service delivery under the "Verified by Zenvy" framework.
